INTERSTATE
HIGHS IN BATTLE

The Unbeatable Callahan Kids
Perform Against Butte on
Cummings Field Today.

The Butte team arrived here last night and although the train was nearly two hours late, the Salt Lake High school boys were there about 200 strong to meet them. The team was escorted up town in an automobile amid the tooting of horns and the hoarse lunged yells of the rosters. The Butte team promises to be a swift one and the game on Cummings field at 2 o'clock this afternoon should be a fast and scientific one. They are probably a little lighter than the Red and Black boys, but weight is not such a very great factor this year. The captain of the Butte team says that his men are trained to the hour and will do their best to regain the championship which they lost last year.

Has Made Good Showing.

The Butte team has already made a very creditable showing against Spokane and Boise. They play Seattle Thanksgiving and the local team will be able to judge themselves by competitive scores. The Salt Lake High school football team received its final instructions from Coach Callahan yesterday afternoon. The game today will be the fruition of a month's hard practice. The local rosters know what this means with Callahan coaching the team. The boys are prepared to play a great game. They have been earnest in their practice and have been able to absorb a good deal of football dope from the coaches. They have been well coached and will show the results of it today.

The Butte Line-up.

The probable line-up of the Butte football team is as follows: Harnan, left end; Toach, left tackle; Wild, left guard; Kennedy, center; Flinn, right guard; Sauer, right tackle; Nisler, right end; Fletcher, quarter-back; McIlvenny, left half; Leonard, full-back; Brooks, right half; Thompson, center; Roberts, left guard; Shores, left tackle; Stiefel, left half; Grant, quarter-back; Paul, left half; Richardson and White, right half; Hammond, full-back.

School Holds Assembly.

The High school held its big assembly yesterday afternoon on the school lawn. The students were there in a body, with their colors and their yells. Superintendent Christensen gave a talk, saying in part that he was back of the High school athletes and would do all in his power to help the school with its new gymnasium. Nicholas Smith reminded them of the old days of the invincible team and how Coach Callahan came to first take an interest in a High school team. He said: "We were out practicing on the field and made some rather bad plays. There was a man standing by one side, watching us and he seemed to be nervous about something. He said: 'That's not the way to play that' and 'Why don't you try it this way?' Finally we asked him who he was and what he knew about football. He said that his name was Callahan and that he knew a little about the game. From that day on he coached our team and made the team known as the Old Invincibles, and has coached teams since that have been just as invincible."

Dr. Murphy said a few things about the team this year and the teams of former years.

After the assembly the students marched up town in a body, with flags and banners flying.

FAST PRACTICE FOR U.

All Hallows Give Varsity Team Good Workout.

"The practice today was the best we have had this season," said Coach Maddock yesterday afternoon, after the U warriors had put in three hours of strenuous training. During part of the time they had a scrimmage game with All Hallows college and gave a marvelous exhibition of defense. The college boys played a fierce game but were unable to penetrate the U line, which was like a stone wall, and plays around the ends resulted in serious losses. The offensive work of the U men was also first class and every play was pulled off with snap and accuracy, only once during the practice was the ball fumbled. Barton was not out yesterday, owing to a bad leg which he hurt in practice Thursday, but he will be around next Monday.

WILLIAMS MAY REFEREE

Former Utah Heavyweight Suggested as Third Man in the Ring.

The question was asked yesterday in reference to the Hyland-Thompson fight, if Jim Williams of Salt Lake would not make a good referee. While the question of referee is being discussed, fight fans in Salt Lake—and indeed fight fans ought to agree with them—say that Williams has all the qualifications of a good referee and ought to make one. Williams is an old fighter, and in addition knows the game from start to finish. The one thing about Williams that appeals to everyone is that he is honest and has always been on the square. That is, after all, the most important thing in these modern days of boxing, when the papers are daily filled with crooked doings of the fraternity.

It is understood that Williams is agreeable to all concerned, and his selection will certainly meet with the approval of the fight fans who know him, which includes about every fight fan in the state.

Dear Sirs:—I write to thank you for your wonderful medicine. I was suffering for four years with kidney disease, which was pronounced Bright's Disease and chronic inflammation by some physicians, who did me no good, and I suffered terribly. I saw your cure advertised and I got a box. It relieved me instantly, the pains in my back ceased, and my complexion which was poor, became clear, so I tried two more boxes, which have entirely cured me and I feel like a new woman. I am, Yours respectfully,

Miss H. W. BAKER.
